

## SOC supplied state-of-the-art Wall mounted Radio Remote Systems

In the month of April 2017, Speed-O-Controls Pvt. Ltd. designed and supplied a special Radio Remote application to their long term client Electrosteel. The client had requested for Wall mounted Remote systems due to limited access of the floor shop. The most critical criteria was to ensure that the range of the radio frequency does not get affected. SOC designed a special Radio module for these Wall Mounted Systems. The systems have been supplied and are working satisfactorily
