News Letter No. 20, August 2017

Successful Exhibition – Mining Indonesia 2017

Speed-O-Controls Pvt Ltd is pleased to share the success of the recently completed Mining Indonesia 2017 exhibition. The exhibition reported 168000 trade attendees, 682 exhibiting companies, 29 exhibiting countries & a total exhibit area of 33274 sq. meters. Alongwith the Oil & Gas Exhibition, this was one of the biggest exhibition in the SEA region. Speed-O-Controls Pvt. Ltd had immense success with a wide gamut of visitors including end users and distributors of crane spares in the region. SOC was also successful in reaching some agreements for supply and distribution of RRC systems and Resistance boxes with companies in Jakarta. SOC thanks all the visitors who took the time to visit us at the Indonesia Mining expo.

Inhouse State-of-Art Sleeving Machine

Speed-O-Controls Pvt. Ltd. Is proud to announce the installation & commissioning of the new Sleeving machine for DSL busbar in their Ahmedabad Unit. The machine is new and state-of-art and allows us to now Brand DSL sleeves with our trademark SOC logo. Furthermore, it will also allow customisation & shall give the customers a free hand to market/

sell DSL busbar with their own respective branding. SOC has recently supplied customised DSL Busbar sleeves to many crane manufacturers and end users.

KPCL Nagjhari Project – Revamping of Cranes

In our continued endeavour of providing excellent customer experience in the field of Crane Modernisation & Revamping, SOC recently received an order for Overhauling, Reconditioning, Repainting & Testing of 2 Nos.175T/50T EOT Cranes at Nagjhari Power House and the same is under production with an expected dispatch date of 6th October. The order is an extremely prestigious one and was awarded based on the success of the previous revamping project of 210 Ton Cranes.

Product of the month Flame Proof Brake & Limit Switches
