

SPEED-O-CONTROLS NEWS

News Letter No. 4, April 2016

Successful TOC Asia 2016, Singapore

Speed-O-Controls (SOC) successfully Exhibited their products at TOC Asia 2016, held in Singapore from 20th April - 21st April 2016. It was one of the most interactive Exhibitions and SOC was able to network with companies such as Libeherr, Siemens, ABB and KoneCranes.

TOC Asia is one of the most visited industrial exhibition for ports & terminals. A large number visitors from the material handling segment throughout the world. SOC also Participated in the TECH TOC Conference for the Tendering process For CICT Terminal(SLPA).

We thank all our respected clients Who visited us and spent their Valuable time meeting us.

SOC Bags Order for Revamping of 2 Nos. 210/40 T Overhead Cranes from Karnataka Power Corporation Ltd.

One of the biggest orders of 2016 has been successfully bagged by SOC for revamping of 2 Nos. 210/40 Ton Overhead Cranes from Karnataka Power Corporation Limited.

SOC has executed supply for this order in a record time of 12 days, which included design and supply of brand new VVFD panels, control gear, DSL systems and Radio Remote Controls for both Cranes.

These specialized cranes incorporate Tandem motion and the same has been provided through RRC mode as well as manual mode.

SOC Gets BIS approval for Flame Proof Products.

SOC has been awarded BIS certification for the following flame proof products:

- 1) FLP Fg2 Limit Switch
- 2) FLP Pendant 8+2
- 3) FLP Radio Remote Controller Receiver Base Unit.
- 4) FLP23/5 thruster.

BIS stands for Bureau of Indian Standards. This is a national standards body of India which covers product quality certification standards. The BIS product certification scheme is one of the largest in the world with over 26,500 licensees covering more than 900 products. It is in existence for more than 58 years. It allows the licensees to use the popular ISI mark on their product.

This ensures that SOC is providing safe, reliable, quality products, minimizing health hazards to customers.
