News Letter No. 10, October 2016

## SOC successfully completes Revamping / Reconditioning of 2 nos 210 Ton EOT

Speed-O-Controls Pvt. Ltd. were awarded a prestigious contract for reconditioning of 2 nos 210 Ton cranes as reported in our August Newsletter. SOC has now successfully completed the entire work for the reconditioning of these 2 cranes. This included changing of complete panels, DSL system, Controllers and Resistance Boxes. Also, successful installation of RRC systems was done for both cranes to operate in Tandem. The job was carried out on a turnkey basis and completed in record time of 2 months.

KPCL have also awarded a completion certificate towards the same and were highly impressed with the quality of work. SOC shall now be participating in all e-tenders for Crane Reconditioning world-wide.

## Special Systems dispatched to Bhutan

Speed-O-Controls Pvt. Ltd. Is proud to announce that we have recently supplied special COMBI joysticks remote controls to one of Bhutan's leading companies. This was an automation project which involved a special Research & Development setup alongwith special programming needs. The said systems are due to reach Bhutan shortly and thereafter shall be commissioned by SOC personnel and tested completely. SOC is the first Indian company to supply this technology in Bhutan. Once the tests are complete SOC aims at providing this technology to various other Power Sector companies in India.
